- Convenient - no more writing checks and mailing payments each month.
- Reliable - your trash bill is always paid on time.
- Safe - your payment can never be lost or stolen in the mail.

Here's how the Automatic Bill Pay works.

You authorize regularly scheduled payments to be made from your checking account or credit card. This transaction will occur on the 10th of the month following your regular billing cycle. Proof of your payment will appear on your next bank or credit card statement. The authority you give to charge your account will remain in effect until you notify us in writing to terminate the authorization.

Will I receive a bill each billing period from American Recycling & Sanitation?

NO. You will only receive a bill if there is an amount due in addition to your regular monthly rate. You have 10 calendar days (from the issue date shown on your statement) to review the amount you owe. If you have any questions, just give us a call before the 10th of the month.

How much will be deducted from my account?

All charges due and payable on your regular billing cycle will be paid from your bank or credit card account.

A 4% convenience fee will be added to credit card payment transactions. Minimum fee of \$1.00 per transaction.
